Bouvet Island

This report provides a series of summary charts, statistics and other details about the mobilization and use of open-access species data through the GBIF network, relating to users and participating institutions in Bouvet Island. These metrics show status at the time of report generation, unless otherwise noted. Taken together, the elements of this report can help guide and measure progress toward the information needs for biodiversity research, as well as for national commitments on biodiversity and sustainable development.

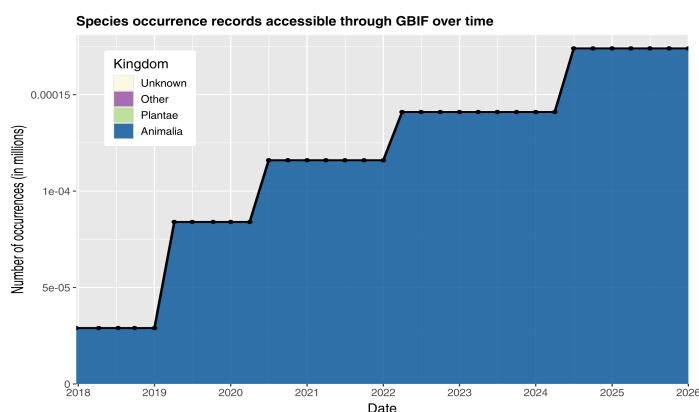

► Access and usage

► Data availability in Bouvet Island

► Data mobilization

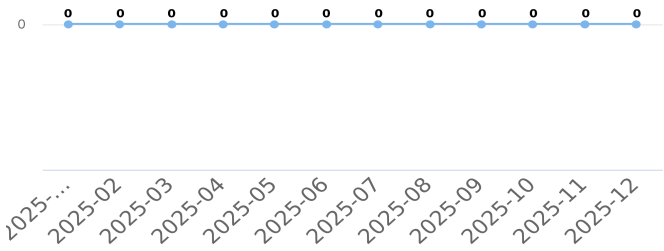

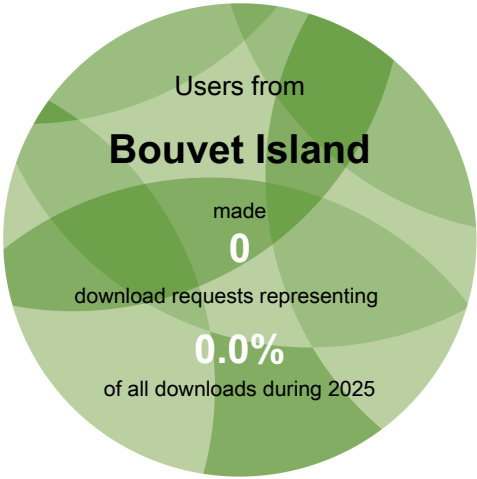

Number of records published by institutions in Bouvet Island, categorized by kingdom

Access and usage

Data downloads on GBIF.org from users in Bouvet Island

Monthly downloads requested by users in Bouvet Island

Data availability

Total data available for selected taxonomic groups in Bouvet Island

Mammals
9,992
occurrences

Birds
304
occurrences

Bony fish
110
occurrences

Amphibians
0
occurrences

Insects
3
occurrences

Reptiles
0
occurrences

Molluscs
192
occurrences

Arachnids
17
occurrences

Flowering plants
2
occurrences

Ferns
0
occurrences

Gymnosperms
0
occurrences

Mosses
97
occurrences

Sac fungi
67
occurrences

Basidiomycota
2
occurrences

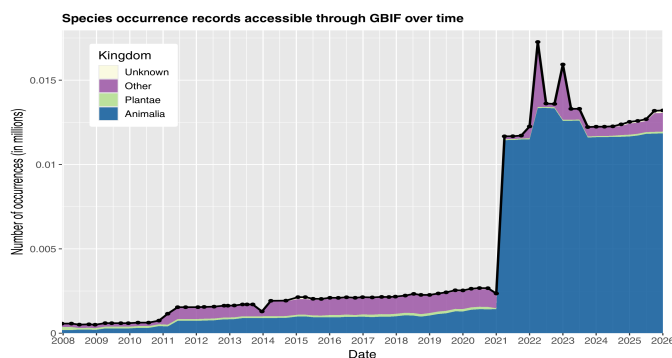

Mammals = Class *Mammalia*
Birds = Class *Aves*
Bony fish = Superclass
Osteichthyes p.p.
Amphibians = Class *Amphibia*

Insects = Class *Insecta*
Reptiles = Class *Testudines*,
Sphenodontia, *Squamata* &
Crocodylia
Molluscs = Phylum *Mollusca*

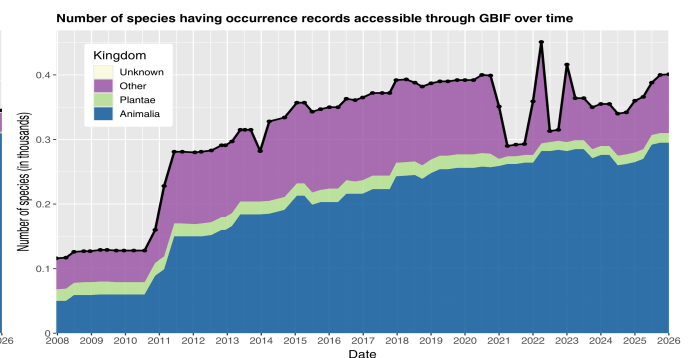

Arachnids = Class *Arachnida*
Flowering plants = Phylum
Magnoliophyta
Gymnosperms = Superclass
Gymnospermae

Ferns = Phylum *Pteridophyta*
Mosses = Phylum *Bryophyta*
Sac fungi = Phylum *Ascomycota*
Basidiomycota = Phylum
Basidiomycota

Change over time in records about biodiversity in Bouvet Island

Occurrence records available about species occurring in Bouvet Island

Species for which at least one occurrence record is available in Bouvet Island

WHY MIGHT THE AMOUNT OF MOBILIZED DATA DECREASE?

Datasets are sometimes removed by publishers, but more often decreases in the number of records are due to the removal of duplicate records and datasets.

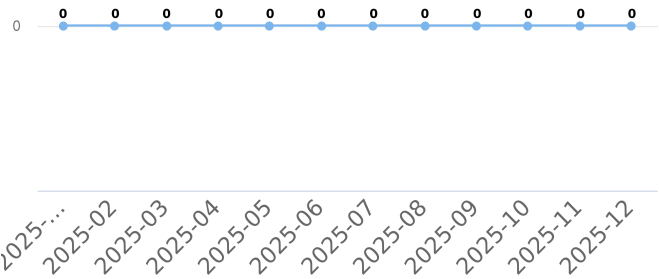

SPECIES COUNTS represent the number of binomial scientific names for which GBIF has received data records, organized as far as possible using synonyms recorded in key databases like the Catalogue of Life

Newest publishers from Bouvet Island

No data available

Occurrence records downloaded from GBIF.org, published by institutions in Bouvet Island

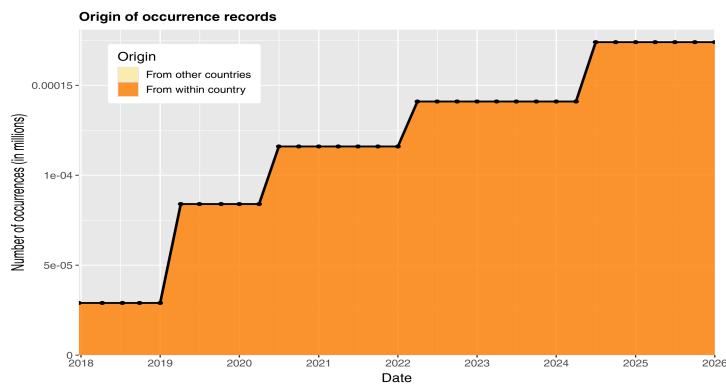

See all publishers from this country or area
gbif.org/publisher/search?country=BV

Number of occurrence records downloaded via GBIF.org published by institutions in Bouvet Island

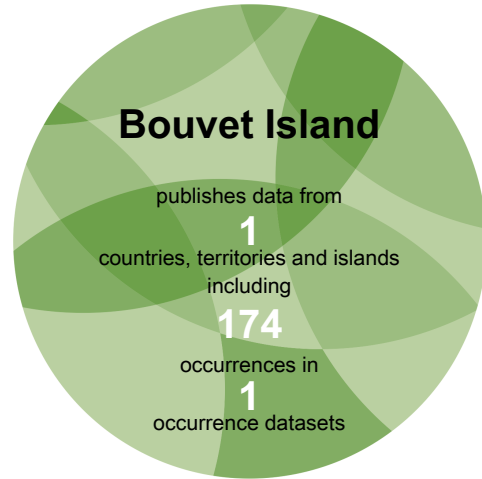

Data mobilization

Data sharing with country or area of origin by national institutions in Bouvet Island

Data sharing with country or area of origin

The chart above shows the number of records shared over time by publishers within Bouvet Island, with separate colours for records about species occurring within undefined and those occurring elsewhere.

Top data contributors about biodiversity in Bouvet Island

Rank	Country or area	No. of occurrences
1	United Kingdom	10,598
2	Germany	644
3	Belgium	517
4	Norway	369
5	France	252
6	Bouvet Island	174
7	International organization or unknown country	169
8	Australia	160
9	United States of America	153
10	New Zealand	32

Table 1. Ranking of countries or areas contributing data about Bouvet Island

Top datasets contributing data about Bouvet Island

The Retrospective Analysis of Antarctic Tracking (Standardised) Data from the Scientific Committee on Antarctic Research. 9,904 occurrences in Bouvet Island. (Last updated 17 Dec 2025)

PANGAEA - Data from South Atlantic in the late Quaternary: reconstruction of budget and currents. 478 occurrences in Bouvet Island. (Last updated 17 Sep 2025)

SOMBASE BIOCONSTRUCTORS. 380 occurrences in Bouvet Island. (Last updated 5 Aug 2024)

Live benthic foraminifera in South Atlantic surface sediments. 299 occurrences in Bouvet Island. (Last updated 16 Nov 2024)

EOD – eBird Observation Dataset. 174 occurrences in Bouvet Island. (Last updated 29 Oct 2025)
